

# Your Girl Chose Me

B2K

Hey yo your girl chose me  
You know the name of the game, B 2  
Hey yo your girl chose me  
You know the name of the game, B 2Hey yo your girl chose me  
You know the name of the game, B 2  
Hey yo your girl chose me  
You know the name of the game, B 2When I met her she said to me  
"Yo I really like your style"  
She said, "Let's go somewhere  
That we can be alone for a while"I didn't even know it  
I didn't think she had a boyfriend  
But that's the way it is when you do it like me  
So homie why you mad at meSo wassup Bruh?  
You trippin' 'cause I got with yo girl  
When I didn't even know her  
But the name of the game is  
'Your girl chose me'And you love her  
And all I wanna do is uh uh uh uh  
'Cause I'm the kinda playa  
There ain't no stoppin' no way  
And your girl chose meHey yo your girl chose me  
You know the name of the game, B 2You win some, you lose some  
It's just exactly what the game's about  
So why you buggin' about some chick  
Who tried to play you outIt ain't like I'm in love with her  
She's just another girl on my list  
So you can have her and I'll leave  
But don't think it'll make her stop actin' like thisSo wassup Bruh?  
You trippin' 'cause I got with yo girl  
When I didn't even know her  
But the name of the game is  
'Your girl chose me'And you love her  
And all I wanna do is uh uh uh uh  
'Cause I'm the kinda playa  
There ain't no stoppin' no way  
And your girl chose meYou trippin' 'cause I got with yo girl  
When I didn't even know her  
But the name of the game is  
'Your girl chose me'And you love her

And all I wanna do is uh uh uh uh  
'Cause I'm the kinda playa  
There ain't no stoppin' no way  
And your girl chose me I'm just a player there ain't nothing I can say  
And if she really loves you, she'd never look my way  
So if I tell her to do it she finds another guy  
And you will trip over again like this you fool So wassup Bruh?  
You trippin' 'cause I got with yo girl  
When I didn't even know her  
But the name of the game is  
'Your girl chose me' And you love her  
And all I wanna do is uh uh uh uh  
'Cause I'm the kinda playa  
There ain't no stoppin' no way  
And your girl chose me You trippin' 'cause I got with yo girl  
When I didn't even know her  
But the name of the game is  
'Your girl chose me' And you love her  
And all I wanna do is uh uh uh uh  
'Cause I'm the kinda playa  
There ain't no stoppin' no way  
And your girl chose me
