

Who's fooling who

Tony Iommi

Is the end beginning
Apocalyptic thoughts of doom
They tell us not to fear
It's far too soon Addicted to predictions
Were the tarots wrong or right
Will I wake tomorrow
And see the light Watch your mother die, and then tell us not to fight
Don't you realize, they're just a bunch of fools
Speak the truth and lie, and expect us to believe
Tell me who is fooling who Watch the soldiers marching
They don't march for you or me
They're just there to kill the enemy Watch your mother die, and then tell us not to fight
Don't you realize, they're just a bunch of fools
Speak the truth and lie, and expect us to believe
Tell me who is fooling who Will they ever wake up
Will they ever see the light
Give me one good reason people fight Watch your mother die, and then tell us not to fight
Don't you realize, they're just a bunch of fools
Speak the truth and lie, and expect us to believe
Tell me who is fooling who Who's fooling who...
