

Dead of Night (Jochen Simms Remix)

Erasure

You've been off beaten tracks

You've been dried up

Hung out on the run around

And you took all the light

Out of my eyes and my life

I swear you'll take me downHow do you see yourself in the darkness?

How do you see yourself in the dark?Been too many times you're forgiven

Now you cry as is you are the victim

Sooner or later it's all gonna break ya

Catch up behind you and then overtake youD-D-D-D-Dead of nightIn the dead of the night

You are haunted by the wanting

Never satisfied

You know deep inside

It's game over

If you hold on to your web of liesHow do you see yourself in the darkness?Now you can't resist the forbidden

Don't pretend you control that decision

Sooner or later it's all gonna break ya

Catch up behind you and then overtake youD-D-D-D-Dead of nightDead of nightD-D-D-D-Dead of night
