Enemy (Worst Friends Remix)

Jack Johnson

After we spoke I had a dream that I broke
The teeth from a mouth of a snake
That I choked on the teeth
They were mine all alongI picked up the pieces when I woke
Put them in a boat made of things that I don't wanna see
I blew on the sail
Watched it drift out to sea
The further it drifted the closer it came to me
I can't explainSo I took it apart in a billion boxes
There was only one thing
You might think I'm your enemy
But that don't make you mine
And all I have now is above thee
I wish that you'd stop trying
Oh, please stop lying
Stop la la la la la la la
La la la laThe hatred in the box then I locked
The strongest one I knew
I buried it all, grew a tree without thorns
Sat beneath the shade
You might think I'm your enemy
But that don't make you mine
And all I have now is above thee
I wish that you'd stop trying
Oh please stop lying
Please stop la la la la la la la
La la la la
La la la la la la la la
La la la la
