Together

The Ten Tenors

When we're together
We can do just whatever
We don't care what the weather
If the feelings much better
Will we give up? No never!
We will stay TOGETHER

Chorus:
We'll grow together
If we rise up together
We'll be stronger together
For much longer together
And we'll make it together
We'll go on forever...

Life is for living
Taking chances, forgiving
And for dreaming surprises
In the sun when it rises
With the warmth of disguises
We'll live life TOGETHER

Chorus

Hear us, we're singing
there's no message we're bringing
If you listen to our voice
And remember its your choice
We have reason to celebrate
And sing TOGETHER

Chorus
