No Way

Krokus

I, see you cryin'
I, see you dyin'
You, keep on tryin'
To stay, in my lifeBut there is no future
In our dream
A man on the run
I'm ready to scream
I'm dealin' with danger
Don't believe what you read
Try to forgive me
I'm not what you needI, see you fallin'
I, hear you callin'
You keep on strollin'
All around my placeThere is no future
In our dream
A man on the run
I'm ready to scream
I'm dealin' with danger
Don't believe what you read
Try to forgive me
I'm not what you need
No way to stay
No way to stay
I'm not what you need
