Wait (feat. LOLO)

Lemaitre

Just wait for me, we can end this misery
Just prove to me, don't forget
I don't want to see you fade awayI can't remember why you always worry
Always in a hurry, wait
I can't remember, it's all that I can see was the Atlantic seas
Sunken dreams, I can't remember
The language that we spoke
The something you've been smoking, broke
Eyes get blurry, when you exhale
Just wait for me, we can end this misery
Just prove to me, don't forget
I don't want to see you fade awayI don't want to see you fade awayI can't remember you, don't let go of my hands
Don't forget, you have to understand
I don't want to see you fade away
I can't remember you, don't let go of my hands
You have to understand, don't let go of my hands
Cause I can't see you (just fade away)Just wait
Just wait for me, we can end this misery
Just prove to me, don't forget
I don't want to see you fade awayJust wait for me, we can end this misery
Just prove to me, don't forget
I don't want to see you fade away
