

Do You'

Tonic Sol-fa

Life's too short livin' all alone
Let's find a house and make it a home
If we build our dreams on a mountain of stone
We'll have a lifetime of memories to call our own.

-Chorus-

Do you take me as I am?
And do you see us hand in hand?
Will you take this golden band?
Do you really want to love one man?
Do you really want to love this man?
Girl, as far as I can see
What we found is what God meant love to be
There's no one else in this whole world for me
We'll have each other's heart for eternity

-Chorus-

And if we never find our pot of gold
I'll still be rich just having you to hold
-Chorus-
