

Believe It or Not

[Rebecca Lynn Howard](#)

You would think by now
I could face the fact
You're not here and you're not coming back But instead I go on
And let myself pretend
That somehow, deep down, I'm convinced What I feel can't be real
That's what I tell myself
It's a dream, this kind of thing
Only happens to someone else I don't wanna believe you're gone
But some things are true
Whether you believe it or not I still leave the light on
On the chance that you'll drop by
I still park on my side of the drive Every night I make sure
That your alarm is set
I still turn down your side of the bed What I feel can't be real
That's what I tell myself
It's a dream, this kind of thing
Only happens to someone else I don't wanna believe you're gone
But some things are true
Whether you believe it or not Some things are true whether you
Believe it or not
