

Sitting On Top Of The World

Grateful Dead

Mississippi river, so big and wide
A blond haired woman on the other side Now she's gone, gone, gone and I don't worry
'Cause I'm sitting on top of the world I worked all summer, spring and fall
A blond haired woman the cause of it all Now she's gone, gone, gone and I don't worry
'Cause I'm sitting on top of the world I saw her in Dallas and El Paso
Said come back baby, I need you so Now she's gone, gone, gone and I don't worry
'Cause I'm sitting on top of the world Mississippi river, so big and wide
A blond haired woman on the other side Now she's gone, gone, gone and I don't worry
'Cause I'm sitting on top of the world
