Control

Mr. Mister

This is about control, it's about vision
My vision, my mission
Don't tell me about what you think
'Cause I don't care, no, I don't careWe all want control of our destiny
We all want control of our lives
We all want control of each other
We all see the fear in our eyesAn old man was sitting on a corner
We couldn't remember where he lived
I felt so sad until he told me
He knew where he was and that was enough for himWe all want control of our destiny
We all want control of our lives
We all want control of each other
We all see the fear in our eyesOpen my eyes to it
I can see that way too
Open your eyes to it
You can see that way tooWe all want control of our destiny
We all want control of our lives
We all want control of each other
We all see the fear in our eyesWe all want control
We all want control
We all want control
We all want control
