

The Angel

Heavenly

Lord, oh my Lord
Why this place, magic place?
The mist is everywhere
The light is in the air I hear into the sky
The whisper of the time
I need an answer
A reason to my prayer You're the angel
You're the angel
You're the angel
White as the winter You're the angel
You're the angel
You're the angel
Forever You're the angel
You're the angel
You're the angel
White as the winter You're the angel
You're the angel
You're the angel
Forever So far away through the light
Through the sky till the end of time You're the angel
You're the angel
You're the angel
White as the winter You're the angel
You're the angel
You're the angel
White as the winter You're the angel
You're the angel
You're the angel
White as the winter
White as the winter
White as the wings of life
