

One Night Stand

Let Loose

Give me your heart and I will make you a promise
Give me your soul and I will be by your side
Forever girl and forever girl
Give me the time and I will savour each moment
Give me the chance to share the pain with the pleasure
Forever girl and forever girl So how can love be mistaken for a one night love affair
Oh Yeah
So how can love be mistaken
Can't you see girl that it's more than just a one night stand to me
more than just a one night stand (Yeah Yeah)
more than just a one night stand (Yeah Yeah) You got the look that bring the man out of me
You got the smile that lights the world full of darkness
Forever girl
And Forever girl So how can love be mistaken for a one night love affair
Oh Yeah
So how can love be mistaken
Can't you see girl that it's
more than just a one night stand (Yeah Yeah)
more than just a one night stand (Yeah Yeah)
more than just a one night stand to me Saturday night get a video
We could hold hand like lovers do
We could make love
Talk for hours
No one in the world is as big as you
It's like I'm crusin, no illusion
You me were meant to be
how can you think it's a one night stand
When all I wanna do is be with you So how can love be mistaken (Can't you see)
Can't you see girl that it's
more than just a one night stand (Yes it's)
more than just a one night stand So how can love be mistaken for a one night love affair
Oh Yeah
So how can love be mistaken
Can't you see girl that it's
more than just a one night stand (Yeah Yeah)
more than just a one night stand (Yeah Yeah) So how can love be mistaken for a one night love affair
Oh Yeah
So how can love be mistaken
Can't you see girl that it's

more than just a one night stand (Yeah Yeah)
more than just a one night stand (Yeah Yeah)
more than just a one night stand to me (Yeah Yeah)
