Feels so Good

Brand Nubian

"Feels so good!"Yes yes yes
It's a test test test
Now Rule is the town
WHERE WE REST REST REST
If you were wondering
were the ballistics finally in
Once again,
BRAND NUBIAN!
You and your girl came to see the three rock
NOW SHE STAYS
Kick the funky lyrics, throw her down
TO HER PJ'S
Lay her on the floor and do work
IN THREE WAYS
After the party
Guess what?
Aiyyo she's still payin!
"Feels so good!"I got this girl a mink sable, in return I got a cable
Her name was Fat Mabel and she brought my kid to table
Ate pasta with this rasta, went out with her sister
Her hands on her chin, thought she was a mister
Went out disco dancing and my feet I made blister
Smacked in the face until I finally I dissed herEncounter with a stunt, and I'm out for spot fronts
And stunts was on the wiggy, I thought her name was Ziggy
But her name was Lucy and I met her on the deucey
Put me on hold to go in a store to get loosey
(COME ON)
Aiyyo mack she need to stop it
Now let me kick some flavor since we're building on the topic
cause yo, I knew this girl and her name was Tina
She rested in Medina, never saw eyes greener than hers
But yo there was just one little flaw, the green eyes
I had to penalize, cause they was bought in a store
A synthetic cosmetic, it was pathetic
If they was real, then yo she got the credit
But they wasn't so she doesn't
I like the natural look, so I kicked it to her cousin"Feels so good!"
