

# Feels so Good

## Brand Nubian

"Feels so good!"Yes yes yes  
It's a test test test  
Now Rule is the town  
WHERE WE REST REST REST  
If you were wondering  
were the ballistics finally in  
Once again,  
BRAND NUBIAN!

You and your girl came to see the three rock  
NOW SHE STAYS  
Kick the funky lyrics, throw her down  
TO HER PJ'S  
Lay her on the floor and do work  
IN THREE WAYS  
After the party  
Guess what?  
Aiyyo she's still payin!

"Feels so good!"I got this girl a mink sable, in return I got a cable  
Her name was Fat Mabel and she brought my kid to table  
Ate pasta with this rasta, went out with her sister  
Her hands on her chin, thought she was a mister  
Went out disco dancing and my feet I made blister

Smacked in the face until I finally I dissed herEncounter with a stunt, and I'm out for spot fronts  
And stunts was on the wiggy, I thought her name was Ziggy  
But her name was Lucy and I met her on the deucey  
Put me on hold to go in a store to get loosey  
(COME ON)  
Aiyyo mack she need to stop it

Now let me kick some flavor since we're building on the topic  
cause yo, I knew this girl and her name was Tina  
She rested in Medina, never saw eyes greener than hers  
But yo there was just one little flaw, the green eyes  
I had to penalize, cause they was bought in a store  
A synthetic cosmetic, it was pathetic  
If they was real, then yo she got the credit  
But they wasn't so she doesn't

I like the natural look, so I kicked it to her cousin"Feels so good!"
