

# Seduces Me

Celine Dion

Seduces Me Everything you are, everything you'll be  
Touches the current of love so deep in me  
Every sigh in the night  
every tear that you cry seduces me And all that I am and all that I'll be  
means nothing at all if you can't be with me  
Your most innocent kiss, girl, your sweetest caress  
seduces me I don't care about tomorrow  
I've given up on yesterday  
Here and now is all that matters  
Right here with you is where I'll stay Everything in this world  
Every voice in the night  
Every little thing of beauty  
Is shining through your eyes  
And all that is you  
Becomes part of me too,  
Cause all that you do seduces me And if I should die tomorrow,  
I'd go down a happy man  
I thank God I've ever known you  
I fall down on my knees  
For all the love we've had Every sigh in the night  
Every tear that you cry  
Seduces me, oh, seduces me  
And all that you do seduces me.
