Hey, are you lonely?
Has summer gone so slowly?
We found the ground
And that damage was done
It's cold as you fade into the sun
Where'd you go? To me?
But you're alive, well it's only
Fallen frames, they told me
You stand out, it's so loud
And so what if it is?
It's cold as you face into the wind
Where'd it go tonight the sun shall see its light?
So what if you catch me, where would we land?
In somebody's life for taking his hands
Sing to me hope as she's thrown on the sand
All of our work is raided again, where to go ?
And you were somehow
The rain this thing could allow
But it's all wrong, you're so strong
And this life and work
And choice took far too long
Where'd it go tonight the sun shall see its light
So what if you catch me, where would we land?
In somebody's life for taking his hands
Sing to me hope as she's thrown on the sand
All of our work is raided again
When I was sure you'd follow through
My world was turned to blue so thin
When you'd hide your songs would die
So I'd hide yours with mine
And all my words were bound to fail
I know you won't fail see, I can tell
