

Take Me Away

Oasis

Just when it falls apart
And when it's time to start
Will you sit down here for another day
And when it's time to be
All the things that we
Are wishing away for another day 'cause in my soul we know where we're goin
We're goin where the grass is free
The air is clean and the good times are growin'
So take me away just for today
'cause I'm sat here on my own
I'd like to be under the sea
Where they'd probably need a phone And just when it falls apart
Just when it's time to start
Will you sit down here for another day 'cause in my soul we know where we're goin
We're goin where the grass is free
The air is clean and the good times are growin'
So take me away just for today
'cause I'm sat here on my own
I'd like to be under the sea
Where they'd probably need a phone
I could be you if I wanted to
But I've never got the time
You could be me
And pretty soon you will be
But you're gonna need a line
