

All Caught Up (feat. Tinashe)

GTA

[Tinashe]

When skies are grey
Lay you down
Work around your space
Wear you out
I won't hesitate
Fill me now
Feel me walking away
Away, away I'mma work on a better you
With your body all over
Move into the colors that you're working on
Painted on the walls of another Take me into your arms, arms, arms
I'm gonna keep you all caught up
Deeper into your heart
I'm gonna keep you all caught up
All caught up, all up, all caught up
Deeper into your heart
I'll keep you caught up yeah (Deeper into your heart...)
