

Clean Up

The Canton Spirituals

I've gotta clean up what i messed
Up
I'm starting my life over again
I've gotta clean up what i messed
Up
I'm starting my life over again

I made up my mind i ain't lying no
More
Cause a liar and a cheater can't
Make it through the
Door

I gotta clean up what i messed up
I'm starting my life over again
I gotta clean up what i messed up
I'm starting my life over again

I made up my mind i ain't runnin no
More
I'm goin back to church i'm gonna
Walk right through
This door

I gotta clean up what i messed up
I'm starting my life over again

I gotta clean up what i messed up
I'm starting my life over again

I made up my mind i ain't cheatin
No more
Because a cheater can't make it
Through the door

I gotta clean up what i messed up
I'm starting my life over again
I gotta clean up what i messed up
I'm starting my life over again

Those of you that feel like i do lets

Do better

Those of you that feel like i do lets

Do better

I gotta clean up what i messed up

I'm starting my life over again

I gotta clean up what i messed up

I'm starting my life over again
