The Love Letter

Blaqk Audio

What could you see? What could you find?
If we meet, please avert your eyes
What I'll never show, what you'll never find
Is explosive so hide your eyes, so hide your eyes
What should mean nothing to you
Has left a poison running
Straight from your lips and into
Lead to the poison I'm becoming
Walk right through me, I'm not really there
What could you see? What could you find?
If we meet, please avert your eyes
What I'll never show, what you'll never find
Is explosive so hide your eyes
Once it meant something to me
I find it rather stunning
I draped it in cold and in clarity, it's true
I find the look becoming
Walk right through me, I'm not really there
And what could you see? What could you find?
If we meet, please avert your eyes
What I'll never show, what you'll never find
Is explosive so hide your eyes
It's a day, it's a day gone away
Turn away from the day, it's explosive
It's a day, it's a day gone away
Turn away, turn away from the day, it's explosive
What could you see? What could you find?
If we meet, please avert your eyes
What I'll never show, what you'll never find
Is explosive so hide your eyes
What could you see? What could you find?
If we meet, please avert your eyes
What I'll never show, what you'll never find
Is explosive, so hide your eyes
