

Chances

John Frusciante

This is the time to die
I'm not someone on whom to rely
Chances come and chances go
This is letting go I feel the tightening of the dawn
The creation of something I've sung
No one goes back 'cause they're all there
Are you everywhere Becoming who you think you are
In order to do your part
In the multi-dimensional scheme
you'll know what i mean
This is the time to die
I'm not someone on whom to rely Chances come and chances go
This is letting you know
I'm almost where ill never be
This cutting off off ate like a string
A line that falls to the floor
And I'm not me anymore
