

Forget Him

Bobby Rydell

Forget him
Forget him Forget him if he doesnt love you
Forget him if he doesnt care
Dont let him tell you that he wants you
Cause he cant give you love which isnt there Oh, little girl, hes never dreaming of you
Hell break your heart, you wait and see
So dont you cry now, just tell him goodbye now
Forget him and please come home to me Forget him if he doesnt love you
Forget him if he doesnt care
Dont let him tell you that he wants you
Cause he cant give you love which isnt there Oh, little girl, hes never dreaming of you
Hell break your heart, you wait and see
So dont you cry now, just tell him goodbye now
Forget him and please come home to me No, dont you cry now, better tell him goodbye now
Forget him and please come home to me
