

Faded Royalty

QT Jazz

No pressure
Cus i can do wtf i want
Cause i got it
Like that
Don't need to remind no one
That i dance to the beat of my own drum
Cause i got it
Like thatWhen talkin rules you
You don't speak of me
We do what we want to
No apologyHands in the air one time one time
For the one time
We gon' burn it down
And we gon' turn it out
Problems go down until we feel nonI deal the cards cause i am royalty
We don't need permission from society
We can hit the mall up if we want to
Pop them bottles of we want to
We can do what we want all day all night
Whatever we want all day all night
Cus i got it like thatAdd more pressure
Wanting diamonds not rhinestones
Cause i got it
Like that
Don't need to remind no one
That i dance to the beat when I'm in my zone
Cause i got it
Like thatWhen talkin rules you
You don't speak of me
We do what we want to
No apologyHands in the air
One time one time
For the one time
We gon' burn it down
And we gon' turn it out
Problems go down until we feel noneI deal the cards cause i am royalty
We don't need permission from society
We can hit the mall up if we want to
Pop them bottles of we want to

We can do what we want all day all night
Whatever we want all day all night
Cus i got it like thatWe can do what we want all day all night
Whatever we want all day all night
We can do what we want all day all night
Whatever we want all day all night
Whatever we want all day all night
Whatever we want all day all nightI deal the cards cause i am royalty
We don't need permission from society
We can hit the mall up if we want to
Pop them bottles of we want to
We can do what we want all day all night
Whatever we want all day all night
Cus i got it like that
