

# Dreamers

## Push Play

im wondering  
aimlessly to get yuh off of my mind  
and the city lights shine so bright  
brings back the look in your eyes  
speechless.  
motionless  
can yuh hear me? can yuh hear me?  
so here's your song for what i've done wrong  
how could this happen?  
singing we were dreamers  
every single day  
singing we were believers  
in every single way  
and im running out  
just to try and catch yuh outta breath hopeless  
and im running out  
clever words to keep yuh  
here with me till my endd  
keeping out the thousands of emotions  
in my head, on the bed  
so heres yuhr song for what i've done wrong  
singing we were dreamers  
every single day  
singing we were believers  
in every single way  
not ready to go !  
ohhhhhhhhhh ohh  
singing we were dreamers  
every single day  
singing we were believers  
in every single way yeahh  
i'll take yuh fast  
i'll take yuh slow  
just hold on and don't let go  
faster now than ever before  
close yuhr eyes and shut the door  
i'll take yuh fast  
i'll take yuh slow  
just hold on and don't let go

faster now than ever before !  
dreamers !
