

Willing To Wait

Rihanna

Baby, slow down, just hear me out
Something I gotta let you know
There's no need to push, no need to rush
You know you had me from hello When it comes to my heart, I don't play
Baby boy, can't you see the stop signs?
You're moving much too fast
Baby, love doesn't grow in a day
Let's get it right the first time
And make this feeling last Baby, if you are willing to wait
We can just take our time
Don't you know that it's getting late
And I know what's on your mind I know this feeling is crazy, it's mutual, baby
But we don't have to rush something real
Baby, if you're willing to wait
We can just take our time Boy, can't you see I'm not tryna be
A girl who gets taken for a ride?
If you take your time then you will find
There's so much more to me inside And you say there's no need to delay
You're telling me to trust you
Boy, you know I want to, baby
But my heart can so easily break
Before we take this very far
Show me who you really are Baby, if you are willing to wait
We can just take our time
Don't you know that it's getting late
And I know what's on your mind I know this feeling is crazy, it's mutual, baby
But we don't have to rush something real
Baby, if you're willing to wait
We can just take our time Baby, love doesn't grow in a day
Let's get it right the first time
And make this feeling last Baby, if you are willing to wait
We can just take our time
Don't you know that it's getting late
And I know what's on your mind I know this feeling is crazy, it's mutual, baby
But we don't have to rush something real
Baby, if you're willing to wait
We can just take our time
Don't you know that its getting late
