

I Know That Loving

Tindersticks

She sinks inside me
It's so beautiful
Not hear her calling
And I would raise myself

To live up to her love
And not look down on me
Forgiving me again
And I hear her calling

Do you want to get out of the water
Do you want to try and carry on
It gets so low
I get so low

She sinks inside me
It's so beautiful
Not hear her calling
But it's like a waterfall

Falling down on me
Forgiving me again
And I know that loving

[Chorus]
Like feet that have never been walked on
I know that
Hands that never held no blame
Can't you see that I guess you're staying
Eyes that have never cried angry tears
It's always the same
A face that never felt that shame
Well that's my heart
It's calling out your name

She sinks inside me
There like chemicals
I see the birds fly
And I'd disgust myself
To be free of that love

Pull myself from under the weight of it all
And I hear her, hear her

[Chorus]

I've got to give it up
I've got to give it up
It's just that quality of forgiveness
Forgiveness is what I need
If I could only get out of the water
If I could only get myself clean
I've got to give it up
I've got to give it up
Like feet that have never been walked on
I know that

Hands that never held no blame
I'm running on my knees again
Eyes that have never cried angry tears

It's always the same
A face that never felt that shame
She's standing at the altar
Like feet never walked on
I know that she's waiting there
Like hands never held no blame
If I could only get out of the water

No crying angry
If I could only get out of here
But I've gotta give it up
That felt no shame
I've got to give it up

[Chorus]
