Richmond, California where us youngstas slang that cocaine
and we be hoppin it up and choppin it up and rockin it up
to tens, twenties, fifties, and hundreds to make our profits bro

and if you live to see 95 most of ya'll fools can feel me
come take a ride in my 6-4
I'm not Dr. Dre but Richmond, California's death row
you got niggas packin heat
and fiends on every corner trying to make them ends meet
and the game get thicker
when you think its all good
down bows another nigga
to the grave 6 feet deep
I've never seen a man cry but I'm not Scarface G
but I've seen alot of niggas die
Richmond, California the town of the homicide
got me caught up in a shuffle
sellin crack to my people, just an everyday hustle
I'm too deep to quit
cause the game giva a young nigga like me profits
dead presidents
still trying to make a dollar out of 15 cents
dead presidents
still trying to make a dollar out of 15 cents
blood shot red eyes off that dank gettin toasted
khakis wear up creased motherfuckin shirt half way open
and on my stomach spells T-R-U
that's my click motherfucker, in other words that's my crew
that jumped out this game of crack
to get into this game of rap, to put us on the map
and we aint takin no shorts

independent worldwide and us niggas hella roll
gettin paid like the bank, cook it up like crank
distribute it to the world like some motherfucking dank
but there's always some sucka ass busta playa hatin
mother fucker runnin up talking bout you all that nigga
you can't rap nigga, insane fool on crack
I get more bitches than you, fools cock 22
I cock A-K's make niggas run for they duece
and them blue signs is thicker
cause when you think it's all over, I be the bounty picker
wiping niggas up like soap, niggas can never go
when you fools was fadin, I was sendin niggas to death row

and No Limit only means the beginning
cause when the other niggas is fading

and like Cube say today will be a good day

and watch close to your enemy

cause it might be the same nigga sittin right next to you G
and the game gets sad
