Secure Horizons

Guttermouth

Yeah, I know, I pissed away alot of dough
What a waste of time
I spend every dime
Future, arrestin' in the good times
Not plannin' for a sound financial
You gotta learn to diversify
Livin life on the West Side
Inside tip
A hyubru jip
The interest rates went bald
You gotta learn to diversify
Not plannin' for a sound financial
On the gutterball
Future, arrestin' in the good times
Livin life on the West Side
Learnin about nintendo games
Stories, how with your pocket change
Re-inverse my dividends
Down with all the rides again? YEAH
OH YEAH
Fire, take it fairly well
Ring goes the fire bell
Powerless, in firetown
Really did it go so well? YEAH
OH YEAH
Down with all the rides again
Nodded with some pocket change
Learnin' bout nintendo games
Ring goes the fire bell
Re-inverse my dividends yeah
Fire take it fairly well YEAH
Remember them all
He was pretty fuckin' tall
Livin', just born yeah
Spillin over lines
Sayin "Quit that shit"
You got the sun-care
Your financial, YOUR FINANCIAL
Future, arrestin' in the good times

You gotta learn to diversify
Livin life on the West Side
Future, arrestin' in the good times
Livin life on the West Side
You gotta learn to diversify
FUTURE
