Spellbound

Poco

There's an easy evenin' breeze
Movin' softly through the trees
I feel my head begin to reel
Can't explain the way I feelNow the moonlight is fallin' around her
(Don't you know that?)
Tonight is the night for surrender
(Can't you see it comin' down?)
She's holdin' you spellbound, spellboundShe's got me hangin' by a heartbeat
Burnin' in the evening heat
She takes me there it leaves me breathless
Starry-eyed, satisfiedWhen you're burnin' the bridges behind you
(Don't you know that?)
Smoke can begin to blind you
(Can't you see it coming down?)
It's holdin' you spellbound, spellboundNow the moonlight is fallin' around her
(Don't you know that?)
Tonight is the night for surrender
(Can't you see it comin' down?)
She's holdin' you spellbound, spellbound
No, no, no, spellboundShe's holdin' on to me
She's holdin' on it's true
She's holdin' on, she won't let go
Spellbound
