## **Spellbound**

## **Poco**

There's an easy evenin' breeze

Movin' softly through the trees

I feel my head begin to reel

Every I feel New the mornlight is fell

Can't explain the way I feelNow the moonlight is fallin' around her

(Don't you know that?)

Tonight is the night for surrender

(Can't you see it comin' down?)

She's holdin' you spellbound, spellboundShe's got me hangin' by a heartbeat

Burnin' in the evening heat

She takes me there it leaves me breathless

Starry-eyed, satisfiedWhen you're burnin' the bridges behind you

(Don't you know that?)

Smoke can begin to blind you

(Can't you see it coming down?)

It's holdin' you spellbound, spellboundNow the moonlight is fallin' around her

(Don't you know that?)

Tonight is the night for surrender

(Can't you see it comin' down?)

She's holdin' you spellbound, spellbound

No, no, no, spellboundShe's holdin' on to me

She's holdin' on it's true

She's holdin' on, she won't let go

Spellbound
