

LADY FATS FT. LOMEZ BROWN & CESSMUN

Someone Like You

Lady Fats FT. LOMEZ BROWN & CESSMUN (lyrics)

(chorus)

Bring out the sun baby,
and remind of a summer day
i can see the nights are larking,
i found myself someone like you.

Bring out the sun baby,
and remind of a summer day
i can see the nights are larking,
i found myself someone like you. (Oh, yes we did)

(verse 1)

Oh, baby in the morning you can be my midnight too. (yeah)
Baby when i'm feeling lonely
all i'm thinkin bout is you.
hmm, baby in the evening
you can be my summer days.
And when the sun is vanished,
you can bring by my way. (yeah)

(chorus)

Bring out the sun baby,
and remind of a summer day
i can see the nights are larking,
i found myself someone like you.

Bring out the sun baby,
and remind of a summer day
i can see the nights are larking,
i found myself someone like you.

(verse 2)

See in the winter when it's cold,
baby i can be your coat and...
And if you needa be warmer,
i can be your milo. (oh yeah)
Just give me a call and i'll be right there.
And in the summer when it's hot,

baby i can be your fan,
from all the four seasons baby i can be your man. (oh, woah)
You just tell baby and i'll be there. (i'll be there, yeah)

(verse 3)

and in the morning ,
i need you right beside me baby.
You're the one that i need to make my life feel complete.
And baby, please take me as i am.
Come take me by my hand,
boy, i'm gon make you understand.

You bring out the sun baby. (you bring out the sun, yeah)
