

# Faster and Louder

## The Dictators

Talk, talk, talk, talk  
Keeps getting in the way  
Speaking as a young artiste  
Who has so much to say So now you know my situation  
Understand my aggravation  
Building up so strong inside  
'Cause I wanna make some noise I can play faster and louder  
I can dance faster and louder  
I can live faster and louder  
I'm a man, faster and louder Feel the need to express myself  
Think I'll form a band  
And call it Yazoo Squelch  
Some say it's an abberation  
I know it's my avocation Step aside and watch me fly  
'Cause I'm gonna make some noise I can talk faster and louder  
I can eat faster and louder  
I can screw faster and louder  
I'm a man, I'm a man  
Faster and louder I can scream faster and louder  
I can jive faster and louder  
Walk the dog faster and louder  
Mow the lawn faster and louder Jump back Jack, faster and louder  
Get down Bernice, faster and louder  
Hot pants
