

You and Me

Gustaf Spetz

Whatever I do and wherever I am
All I can think of is you
Not a single thing feels heavy or hard
'Cause all I can think of is youDaapapapaaa
Dapapaa
PapapaaaWhen I am awake and when I am asleep
All I can think of is you
The weeks have turned to days and the days turned to hours
'Cause all I can think of is youIt doesn't matter if the sun is shining
Our if the rain is pouring down
I cannot get you out
You're always on my mindYou and me go well together
In all kinds of weather
You and me go well together
In all kinds of weather
We are good for each otherWhatever I do and wherever I am
All I can think of is you
Not a single thing feels heavy or hard
'Cause all I can think of is youDaaaapapapaaa
Dapapaa
PapapaaaWhen I am awake and when I am asleep
All I can think of is you
The weeks have turned to days and the days turned to hours
'Cause all I can think of is youIt doesn't matter if the sun is shining
Or if the rain is pouring down
I cannot get you out of
You're always on my mind
We are good for each otherYou and me go well together
In all kinds of weather
You and me go well together
In all kinds of weather
We are good for each other
