Day Of The Rocker

[Twisted Sister](#)

A time is comin'
Just 'round the corner
We don't have very long too
When we'll be stronger
Our days will be longer
It's comin' soon might even be tomorrow
Can't you feel the power
All around and deep inside
Our numbers growin'
Soon we'll be showin'
We've got the right to rule
We won't be deniedThe day of the rock-rock-rock-rocker
The day of the rock-rock-rock-rocker
The day of the rock-rock-rock-rockerYour time is comin'
So you be ready
To show the world to rock 'n' rollWe'll show them feelin'
Send them reelin'
They'll know we've got the music in our control
We'll be in our glory
We'll stand tall ruling over the land
We'll live forever
And then we'll never
Give up the power once it's in our hands
