All My Lows

Example

It's a long long time to wait
It's a long long time to wait
Everything I promised you
Was there but I was late
It's a long long time to wait
It's a long long time to wait
Everything I promised you
Was there but I was late

Broke in two
I used to blame the substance
So confused but I carry no substance
Lost in a cave like sons of Mumford
Kept moaning zoning in the comfort
Now I blame myself
Went downhill just to up my numbers
You only need one what's the point of hundreds

And I never did ask
You said the answer would be "Yes"
I killed us had tools to build us a castles
But I never played chess
Bad guess made the wrong move
Queen takes king now I've been removed
Out the back door like a famous actor
Cut us into half like stupid tax laws

We could've had a daughter or maybe a son
A baby born with my eyes
A perfect smile like it's mom
And I hope you find happiness
I hope you find love
I'm so so sorry and I hope that's enough

I said you gotta take off, take off,
Take off the sad face I gave you
'Cause you are my savior in all of my lows
In all of my worlds
I said you gotta wake up, wake up,
Wake up at top piece of game

'Cause you are my savior in all of my lows
In all of my worlds

All my lows
All my lows
All my lows
You could've avoided me
All my lows
Those days were a joy to me
All my lows
And I thank you for joining me

What a wrong wrong way to go
What a wrong wrong way to go
Everything you promise me
Was there I missed the show
What a wrong wrong way to go
What a wrong wrong way to go
Everything you promise me
Was that I miss the show

I said you gotta take off,
Take off the sad face I gave you
'Cause you are my savior in all of my lows
In all of my worlds
I said you gotta wake up, wake up
Wake up at top piece of game
'Cause you are my savior in all of my lows
In all of my worlds

All my lows
All my lows
All my lows
You could've avoided me
All my lows
But I thank you for joining me
All my lows
Those days were a joy to me
All my lows
And I thank you for joining me

All my lows
And I thank you for joining me
