Never Gone

Colton Dixon

Verse 1:
Lights off,a shot in the dark
We get lost when we playing a part
We lay blame like we know what's best
It's a shame
We break when we fall too hard
Lose faith when we're torn apart
Don't say you're too far gone
It's a shame,It's a shameChorus:I'm still standing
No,I didn't disappear
Now the lights are on,see I was never gone
I let go of your hand to help you understand
with you all along Oh, I was never goneVerse 2:
There's space between our lives
Hard to face,but I know we tried
To revive,bring it back to life
Don't walk away,Don't walk awayChorus:I'm still standing
No,I didn't disappear
Now the lights are on,see I was never gone
I let go of your hand to help you understand
with you all along Oh, I was never goneBridge:I never ever left you,never ever left you,no
He said I never ever left you,never ever left
you.no
Jesus never ever left you,never ever left
you,no
He sees us even in the darkness
now you know your not aloneChorus:I'm still standing
No,I didn't disappear
Now the lights are on,see I was never gone
I let go of your hand to help you understand
with you all along Oh, I was never gone 2X
