

Hard to Concentrate

Red Hot Chili Peppers

Hustle, bustle and so much muscle
Cells about to separate, oh
And I find it hard to concentrate And temporary, this cash and carry
Im stepping up to indicate
The time has come to deviate and All I want is for you to be happy
And take this moment to make you my family
And finally you have found something perfect
And finally you have found Death defying, this mess Im buying
Its raining down with love and hate
And I find it hard to motivate And estuary is blessed but scary, oh
Hearts about to palpitate
And Im not about to hesitate And one to treasure the rest of your days here
And give you pleasure in so many ways, dear
And finally you have found something perfect
And finally you have found Here we go Do you want me to show up for duty
And serve this woman and honor her beauty?
And finally you have found something perfect
And finally you have found yourself with me Will you agree to take this man into your world
And now we are as one My lone ranger the heat exchanger
Is living in this figure 8
And Ill do my best to recreate Sweet precision and soft collision, oh
Hearts about to palpitate
And I find it hard to separate And all I want is for you to be happy
And take this woman and make you my family
And finally you have found someone perfect
And finally you have found All I want is for you to be happy
And take this woman and make you my family
And finally you have found someone perfect
And finally you have found yourself
