Perfection Destroyed

Miseration

Brought into the mess called life
No purpose what so ever
Abused victim as a child, raised as an orphan
Raised in a broken home-dreaming-haunting memories
Victimized against their willHuman distraction has sealed our fate
Forced to repress, doomed to forget
Holding your breath, now so afraid
Grasping the rope in fear
Self distorted perception
A dark disease taking our lives
It's time to stand and rise against
Our life consuming enemy.We are the ones built on rage
We are the ones who share the pain
We are the ones who devours the others
A strong will is our demise
Where is your protective hand
Your guideline in the dark
Don't you know I will devour your soul
Deprive your lifeYou -you are a man haunted by your past
Growing up to be a bitter man
Slowly dying fading away
Reflections of agonizing pain
Will it never end
Human distraction has sealed our fate
Hands crossed kneeling in pain
Gazing the heavens of blood red skies
Holding your breath waiting for a sign
Behind the darkness there is a call
If you do not answer you will fall.
