## Who Will I Run To?

## **Kiley Dean**

You were the one who I could tell my deepest fears And you were the one who always wiped away my tears When he hurt me you were my prince, sent straight from above Like a fool I never saw you were falling in loveSo now I've lost everything 'Cause now you say you're gone forever moreSo who will I Who will I run to, who will I turn to Now that you left me behind, who will dry my tears when I cry? Who will I run to and who will I turn to Now that you're not here in my life? You were the one I took for granted all those years And you were the one I should've known it was so clear How could I be so blind not to see what's before my eyes I'll get you back here with me if it takes the rest of my life'Cause I would do anything 'Cause I want you back forever moreWho will I run to, who will I turn to Now that you left me behind, who will dry my tears when I cry? Who will I run to and who will I turn to Now that you're not here in my life? I will gladly journey across the deep blue sea If I could know that I would have you here with me, oh I realize that I was blind but now I finally see I need you back here in my life, oh baby can it beWho will I run to, who will I turn to Now that you left me behind, who will dry my tears when I cry? Who will I run to, who will I turn to Now that you're not here in my life? Who will be there for me Who's gonna rescue me Who's gonna share my dreams Who's gonna mend this broken heart, oh babyWho will I run to and who will I turn to
