

# Talk to Me [DVD]

## Nirvana

Shake it down easy, shake it down sleazy,  
come on  
Shake it down easy, shake yourself suzy,  
come on  
Don't let me detain you  
Try to ride along  
Don't you lie knowing  
I am not sad  
I am not silly  
I am not chippin' away  
Talk to me  
In your own language please  
In your own  
Talk to me  
In your language please  
shake it down easy, make it seamy  
doll man  
make it sound now, make it full house,  
sad man  
Leader of the band  
Makes a mental hell  
I want it well  
Well i never  
Saw it with my arm  
Paint it with my heart  
Paint it with my heart  
Paint it with my eyes and make it right  
Lay it down easy, lay it down seamy  
sad man  
Lay it down easy, lay it down seamy  
sad man  
You don't wanna hear this  
nothin but a whore  
I will play the leader  
with pain  
Now you know i'm needy  
Lay them down easy  
Lay them down easy  
Talk to me

In your own language please
