Killing You

Boy Kicks Girl

(Brett "One-Eyed" Holt 1997)
Nothing is going to stop you now.
Nothing I have you want to see.
You kept me waiting for so long.
I've given up on all our dreams.
Your love has fallen to the side.
You gave up and I ask you why?
The pain explodes inside of me.
I wanted a gun to end it all.
Boy meets girl and falls in love.
They make some dreams, and they make love.
And then she finds somebody else.
Leaves you alone all by yourself.
When I'm alone you'll never see.
The pain I feel inside of me.
I'm all alone, you're not around.
I'd rather be six feet under ground.
You're killing me, you're killing you.
But still I'd rather be there with you.
I wanted more, but you are through.
You are through...
