

# La La Land (Dave Clarke Mix)

## Green Velvet

I've been the one to party, until the end.

Looking for the after party to begin I'm going down to La La land.

I hope to see you soon in La La Land. Chorus: Something 'bout those little pills, unreal, the thrills, they yield, until they kill a million braincells (2x) Now I need to go. Who's going to give me a ride to the aftershow (me!!!),

I hope that I have enough change, so I can make my brain rearrange I'm going down to La La Land, I hope to see you soon in La La Land Chorus

Ohhhh, what have I done,

What happened to the mornin.

I passed the time away, high today! (I've got to find a way to fill the space in time (7x), I've got to fill the space) Chorus La La land

Is where I need to be,

La La Land,

Is the place that (ah) sets me free Chorus (4x) (La la land, la la land, la la land, la la land) Has anybody seen my brain today? (hey?)

Can anybody pay my rent today? (hey?)
