

Hit Me Up

Danny Fernandes

I'm burning up, up inside
You left me out here all alone
Now I know its way too hard for us to just hold on
This is a sign we should let it go Girl I try my best to put up with your silly games
But nobody sees you crying when you're in the rain
You got me going insane, yeah Say what you want
But I know, but I know now, girl She hit me up, I can never think twice
Just my luck she rolled the dice
She hit me up, then tore me down
With a finger wrapped around She hit me up, I can never think twice
Just my luck she rolled the dice
You tore me down, tore me down, tore me down
Wrapped around I can't believe you said the words I thought you'd never say
Feeling like the more I try the more it slips away
This is a sign we should let it go I know I should've but I couldn't let you walk away
I take you back when you know you don't deserve to stay
You've got me going insane, yeah Say what you want
But I know, but I know now, girl She hit me up, I can never think twice
Just my luck she rolled the dice
She hit me up, then tore me down
With a finger wrapped around She hit me up, I can never think twice
Just my luck she rolled the dice
You tore me down, tore me down, tore me down
Wrapped around I'm dreaming as I watch you leaving
After getting dolled up this evening
It's so odd that you wanna get even
Fall apart 'cause you change every season So now we ain't speaking
And you're talking on the phone all secret
'Til I cut you off this weekend
Hearing the same song to long, remix It's done for me when it comes to me
Without you I'm livin' comfortably
Lose a couple Z's but there's more than sleep
You're not the 5-4-3-2-1 for me She hit me up, I can never think twice
Just my luck she rolled the dice
She hit me up, then tore me down
With a finger wrapped around She hit me up, I can never think twice
Just my luck she rolled the dice
You tore me down, tore me down, tore me down
Wrapped around She hit me up, I can never think twice

Just my luck she rolled the dice
She hit me up, then tore me down
With a finger wrapped around She hit me up, I can never think twice
Just my luck she rolled the dice
You tore me down, tore me down, tore me down
Wrapped around
