So High

Wave

I'll take the chance if I have to
I need to
And you can say whatever you like
That you don't need to be wanted, accepted
But can it wait till' some other timeChorus
I'm so high
I can almost taste it
Sometimes I feel so alive
I'm so high
I'll swear that I'm weightless
Someday's I feel so alive
So aliveI'll pay it back before I go in debt
Or I could skip town and leave it belind
Before my quarter life crisis kicks in
Cause' it won't wait till' some other timeChorusWell it's got me on my knees
There's nothing I can't see
But baby I don't feel a thing
Just give me all you got
Don't you ever stop feeling freeI'll take the chance if I have to
I need to
And you can say whatever you like
Cause' I don't need to be wanted, accepted
But can it wait till' some other timeChorusSo alive
