

# ...Just Dreaming

## Crematory

I hear your voice from beyond  
It cuts deep from my skinMy life without aim - my life without sense  
My life without aim - my life without senseThe thoughts - the memories flow away with time  
Last moments - last visions distort the true meaning  
You live in fear - live on illusions  
The question on guilt lies in your handsLast chances taken  
The wheels of time turn back  
Great times - good things join with the fate of your tortureWhere are you now - where are you?I can feel you,  
but I can't see you  
Your voice screams like the rain from the sky  
My skin burns hotter than fire  
I call your name - heaven fall silent  
My heart is leaden with your thoughtsYou live on under my skin  
You live on the thoughts of my time  
Rest in peace - redemption is far away
