Read 'em and Weep

Jimmy Dean

Oh it don't worked out the way that I planned it's over but it's so hard to understand
So I read the letters that you wrote to me I read 'em and weep read 'em and weep
Mem'ries keep coming back with each tender lie
Oh why why do I read 'em time after time
Tears keep on falling till I can hardly see I read 'em and weep read 'em and weep
They all start my dearest darling and end if you recall
With yours alone forever and then you seal them all
With kisses oh why should leave these mem'ries behind
Burn 'em and try to get you out of my mind
All the letters remind me all that used to be I read 'em and weep read 'em and weep
Read 'em and weep read 'em and weep
