

Don't Take It Personal

Ted Lyons & His Cubs

I can tell the way you stand there what you're thinkin
Already so sure of how you think you want it to be
We'd be more than friends from one day to the other
Think I'd like to wait it out, till it's as crystal to me
So don't blame yourself (So don't blame yourself)
Don't take it personal
Let's just sit back and relax from now
Just wait and see (Just wait and see)

If I take my time
Don't freak
Keep it curious

You'll see (Just wait and see, just wait and see)

If I'll take my time
Don't freak
Keep it curious
You'll see (Just wait and see, just wait and see)

Keep that self-control in every moment
I'll be knowin' every part of you before I really let go
Good things come in time they said it perfectly
We'll have definitely something more when we unravel it slow

So don't blame yourself (So don't blame yourself)

Don't take it personal
Let's just sit back and relax from now
Just wait and see (Just wait and see)

If I take my time
Don't freak
Keep it curious

You'll see (Just wait and see, just wait and see)

If I'll take my time
Don't freak
Keep it curious

You'll see (Just wait and see, just wait and see)
