

Superhuman

Velvet Revolver

I'm a super man
I wanna be your Superman
I'm a super man
I wanna be your Superman What you get is a crash course to be a man
But a man is a destination never known
Sometimes dressed up like a red hot lady in pumps
Don't think she can get enough Always feel like she's runnin' on a hamster wheel
Gettin' high, crashing cars and makin' mistakes
Keepin' her face packed with Cocaine
Her face is numb, your faith is gone I'm travelin' on now
I'm makin' plans now Cocaine
Alcohol
Lady lie
Withdrawal
Cocaine
Alcohol
Lady lie
Withdrawal Keep it comin' in a world that's blown up wild
Keep it comin' in a world that's bred her style
We're all runnin' from the goose she's high on cocaine
There's a noose swimmin' right between her legs to her brain We're all in need of a superhuman woman now
We're all in need of a superhuman woman now
So rodeo, rodeo, rodeo, rodeo
Throw the rope around her neck and get the show on the road I'm travelin' on now
I'm makin' plans now Cocaine
Alcohol
Lady lie
Withdrawal
Cocaine
Alcohol
Lady lie
Withdrawal I'm travelin' on now
I'm makin' plans now What's she thinkin'?
She'll never get enough
What's she thinkin'?
She'll never get enough
What's she thinkin'?
She'll never get enough
What's she thinkin'?

She'll never get enough
What's she thinkin'?
She'll never get enough
What's she thinkin'?
She'll never get enough
What's she thinkin'?
She'll never get enough
What's she thinkin'?
She'll never get a lesser enough Cocaine
Alcohol
Lady lie
Withdrawal
Cocaine
Alcohol
Lady lie
Withdrawal
