

All Kinds Of Wrong

Miranda Cosgrove

Just woke up, Its day 10
It still hurts, right back then
Tears like rain, flood my bed
Cant erase what I did.
This is what I get for
telling you I dont need you around
what a Lie.

And this is what I get for
thinking there was ever
someone better in my life.
[CHORUS]And Its all kinds of wrong

without you
I cant breathe when you're gone
dont know what to do
Now, the best of me is lost
In a memory
And Its all kinds of Wrong
without you.

If I had one more try,
No more games,
No more Lies
Missing you is a Lonely ride
Feel more dead Than alive.

This is what I get for
Telling you to pack your
things and just get out.
And this is what I get for,

Pushing you away now
No ones going to bail me out!
[CHORUS]And Its all kinds of wrong
without you

I cant breathe when you're gone
dont know what to do
Now, the best of me is lost
In a memory
And Its all kinds of Wrong
without you.
Want you back by my side.

I want back what was right.
I know I should be strong
Its time for me to move on
But this all feel so wrong..
[CHORUS]And Its all kinds of wrong
without you
I cant breathe when you're gone
dont know what to do
Now, the best of me is lost
In a memory
And Its all kinds of Wrong
without you.
Now, the best of me is lost
In a memory
And Its all kinds of Wrong
without you.
